

# Guitarist Biography Research

Using various resources, find a guitarist from any musical genre. The person must be predominantly a guitarist or a guitarist who sings. Eg. Robben Ford (not a singer who plays guitar. Eg. Alanis Morissette) Collect data onto a word file and save it. (Don't print out)

Look for the following information:

- Name of Artist
- Date of Birth
- Style of Music
- Place of Birth
- Important fact in their life
- Their influences
- Their contribution to the guitar (Wes Montgomery was known for playing octaves)
- Any other special facts (EG. Special techniques that they invented or mastered)

Once you have collected the appropriate information, write a one page, typed biography on the guitarist you have chosen.
